“Our family of green industry professionals create partnerships with our customers by providing beautiful landscape solutions.”

Quality Assurance Plan

VisualScape Inc. realized that in order to provide a quality service it must rely on It's employees at all levels to be trained in their specific area of responsibility and to be able to complete their assigned tasks utilizing proven industry practices.

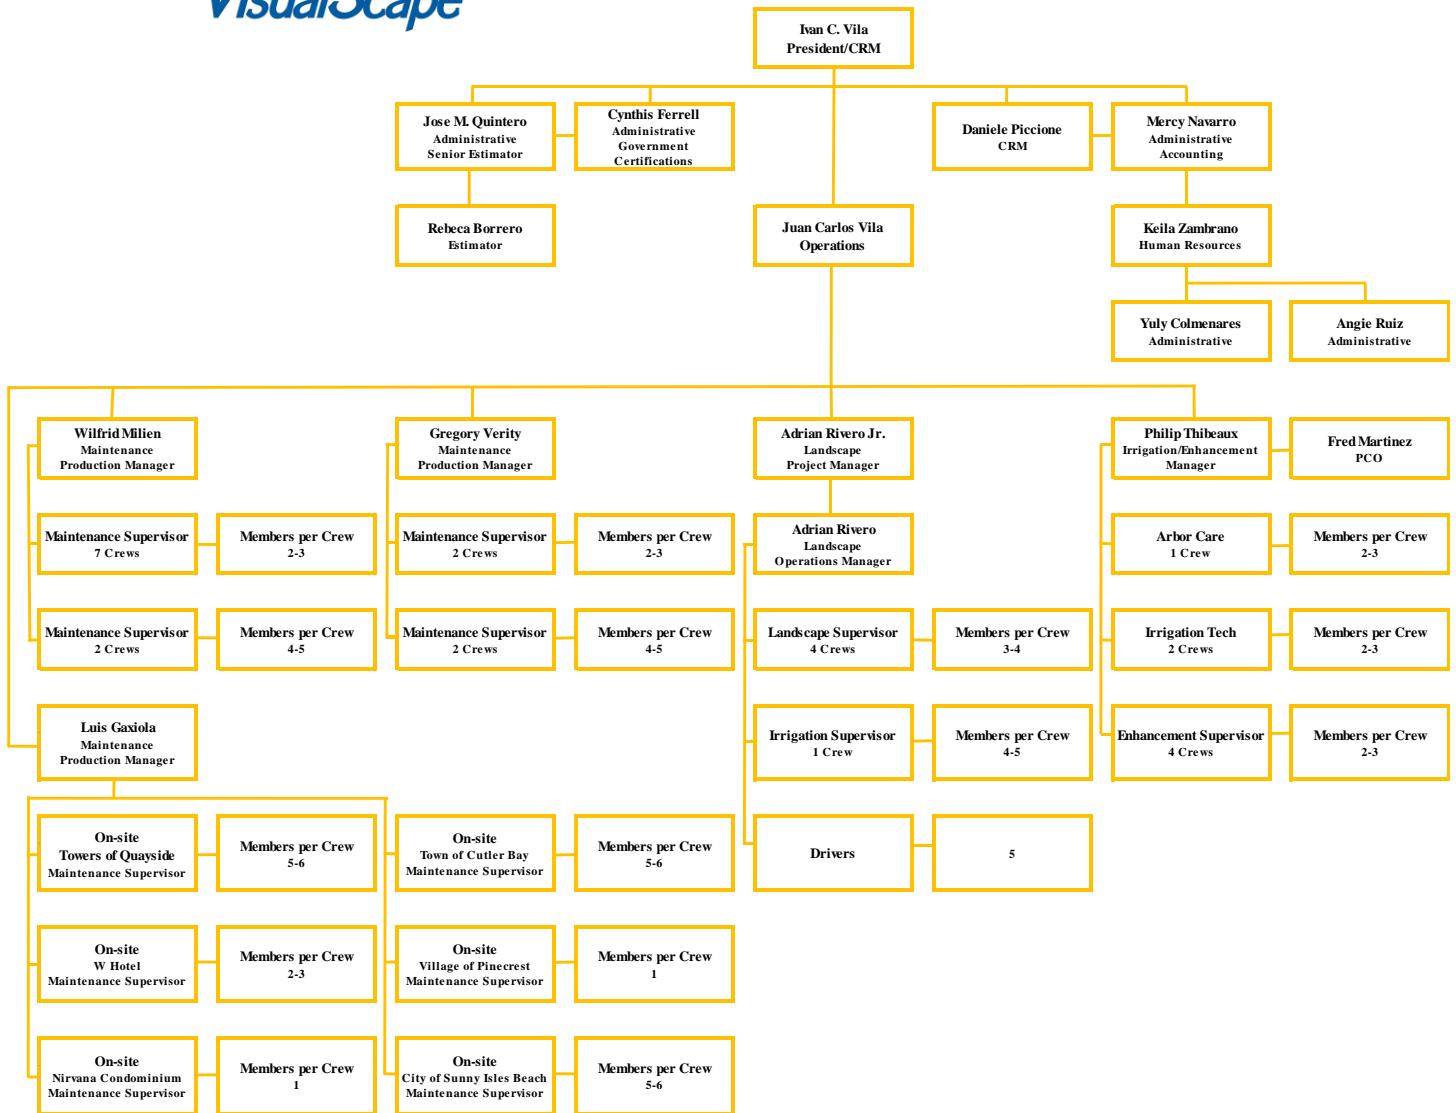

VisualScape provides ongoing training and education in order to provide the essential skills & knowledge to deliver the landscape and horticultural services required by our clients.

QUALITY MANAGEMENT & ORGANIZATION

VisualScape Inc. has a qualified team with more than 30 years of industry experience to service their customer base in all their Landscape needs. This team is trained in identifying and correcting deficiencies in properties through quality control measures. Our company quality management conforms to the following organizational structure:

QUALITY ASSURANCE PROCESSES

Site Evaluations: Site evaluations are conducted monthly, at a minimum. It can be arranged more frequently if requested by the client. We ask that a client representative is available to accompany our Site Manager or Client Relations Manager during the site evaluation process. The site evaluation will focus on and identify the following:

- Review scope of work vs. performed work: identify any areas needing attention.
- Site Cleanliness: ensuring site is clean and free of landscape debris and litter.
- Risk Management: identifying & correcting any safety violations or hazards.
- Damages or repairs: identifying areas that may have been damaged due to our scope of work and repairing such damages.
- Crew training: conduct training with crew on identified areas during inspection needing reinforcement, such as pruning, debris pick-up, proper mower operation, and job site safety.

CRM (Customer Relations Manager) Model: The CRM model's main objective is to provide clear and proactive communication to our customers in order to enhance customer satisfaction. The CRM model takes what is known as the "Account Manager" role and splits it in two: CRM (responsible for customer communication and development), and PM -production manager – (responsible for production).

Here is what this means to our customers:

- One point of contact for all your landscape needs
- Clear and pro-active communication
- Quick response time
- Minimize the time clients have to spend on managing the landscape
- Provide landscape budgets and solutions
- Monthly evaluations from both the CRM and PM provides accountability and improved quality

Employee Orientation: VisualScape's orientation is the introduction of employees to their jobs, co-workers and the organization by providing them with information regarding such items as quality service and safety standards, policies, procedures, company mission, goals, and culture.

It is absolutely necessary for the new employee to know that he/she will be entering a company where the health and safety of the employees are of primary importance, that complying with and ensuring compliance with safety measures and procedures

is of extreme value, and that compliance with this duty can be rewarded, whereas noncompliance can result in disciplinary actions that can include dismissal. During this orientation we make it clear that the booklet they receive, the Workplace Safety Program, contains all the regulations in condensed form that will help them behave in a manner that will prevent accidents and problems while working; therefore, it is reviewed carefully.

Employee Performance Evaluations & Incentives: Our Company conducts yearly employee evaluations. Performance is measured and rewarded based on key competencies including safety, quality, customer service, and job performance. Incentives such as merit bonuses and/or barbeques for top production crews are given every month.

On the Job Training: We encourage our employees to seek certifications and explore external resources for business related training and education. In many cases, the Company will pay for or reimburse the registration, tuition fee and or related expenses for approved seminars, workshops, and short courses conducted by recognized landscape and related trade associations.

In addition to that the Company provides internal training, for which we offer a wide variety of technical and non-technical courses in-house. We identify the needed courses through our site evaluations, customer feedback, performance evaluations and needs assessments. The training is conducted by our management team or resources such as vendors and suppliers that provide the latest trend and technology in the most commonly used industry equipment & products.

Safety Tool Box Meetings: Meetings held once a week at VisualScape yard. It is mandatory for all employees to attend. Topics are chosen from our library of 52 safety topics or the Workplace Safety Program.

Quarterly Safety Committee Meetings: A safety committee has been established to recommend improvements to our workplace safety program, and to identify corrective measures needed to eliminate or control recognized safety and health hazards.

The safety committee shall determine the schedule for evaluating the effectiveness of control measures used to protect employees from safety and health hazards in the workplace.

The safety committee will be responsible for assisting management in the following functions:

- Reviewing workplace safety rules
- Evaluating employee accident and illness prevention programs
- Providing and monitoring workplace safety education and training
- Review status of accidents occurred
- Safety supplies request & inventory

The safety program will be updated by evaluating employee accident injury records, establishing trends and patterns, and formulating corrective measures to prevent recurrence.

Safety committee members will participate in safety training and monitor workplace safety education and training to ensure that the safety program is being followed and pertinent information is being documented. Meetings are held quarterly.

Emergency Plan

In the event of a catastrophic emergency, equipment including trucks, loaders, woodchippers, hand tools, trucks, trailers, and all necessary equipment to perform job operations are available at the client’s request. Emergency routes will be provided by supervisors and managers.

VisualScape participates and fully understands the disaster response plan in the cities and all adjoining cities within our service area and follows their guidelines.

Emergency grids will be set up for employees working during an emergency. VisualScape maintains an active pre-disaster plan in addition to a post-disaster plan, which includes five means of communication. Communication plans among management includes: cell phone, mobile radio, PDA, email, and smart phones. No employee will be left working alone; team action will be implemented. All communication / IT equipment will be forwarded to mobile devices to keep open lines of communication with clients, employees, and vendors.

Crew members will report to an assigned supervisor, who will take visual head counts based on current employee rosters. All Managers are trained in basic first aid and safety procedures.

Emergencies can/will be reported by any employee who witnesses it. All crews have radios in which to communicate.

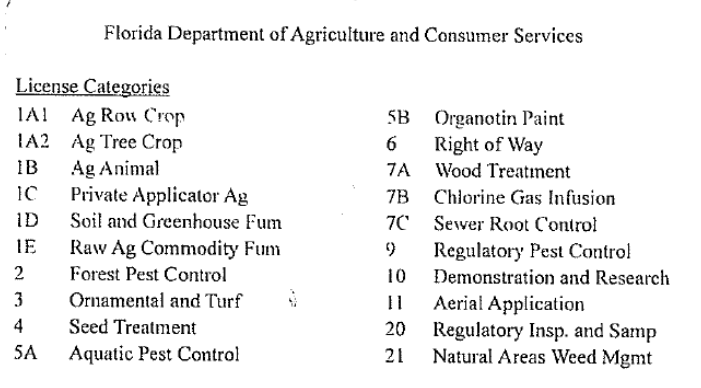

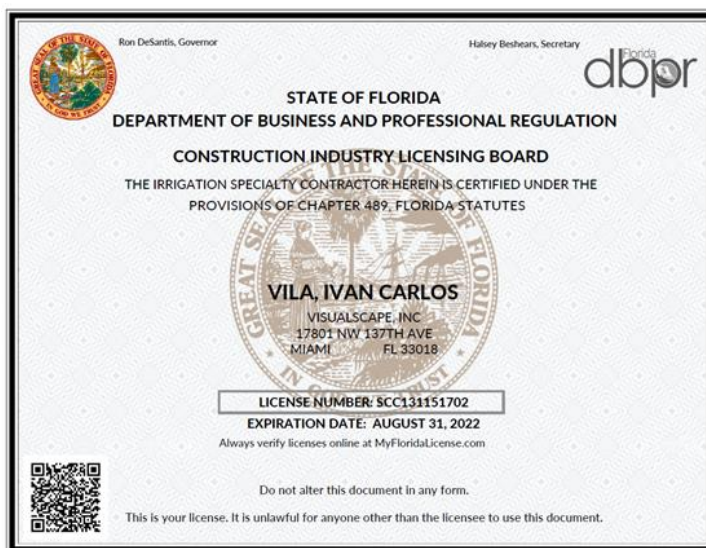

For catastrophic response events, “Typical Emergency Crew” consists of a four-man crew, dump truck, dump trailer, and all necessary saws and hand tools. Loader, skid steer, and woodchipper can also be provided as needed. Emergency crew is billed separately from contract revenues at a per our rate.

RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 6/30/2022. However, the new application is due 4/30/2022.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link:
[HTTPS://fdotwpl.dot.state.fl.us/ContractorPreQualification/](https://fdotwpl.dot.state.fl.us/ContractorPreQualification/)

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:
LANDSCAPING, IRRIGATION

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

Darlens Anderson, for

VisualScape Inc. realized that in order to provide a quality service it must rely on It's employees at all levels to be trained in their specific area of responsibility and to be able to complete their assigned tasks utilizing proven industry practices.

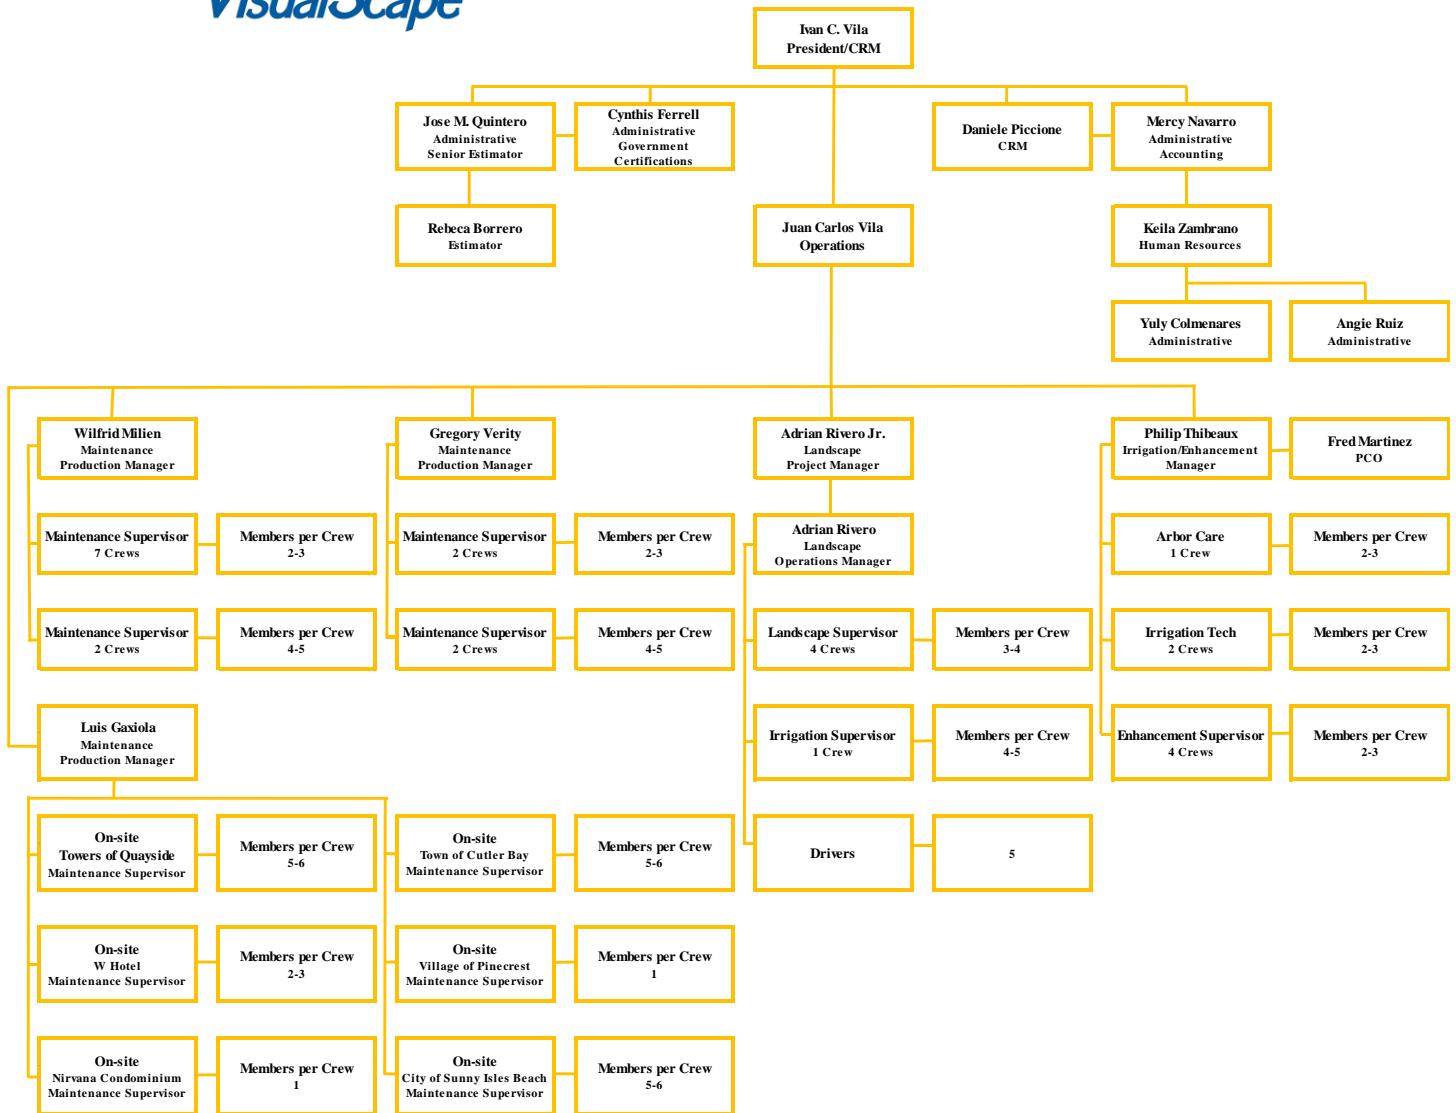

VisualScape provides ongoing training and education in order to provide the essential skills & knowledge to deliver the landscape and horticultural services required by our clients.

QUALITY MANAGEMENT & ORGANIZATION

VisualScape Inc. has a qualified team with more than 30 years of industry experience to service their customer base in all their Landscape needs. This team is trained in identifying and correcting deficiencies in properties through quality control measures. Our company quality management conforms to the following organizational structure:

QUALITY ASSURANCE PROCESSES

Site Evaluations: Site evaluations are conducted monthly, at a minimum. It can be arranged more frequently if requested by the client. We ask that a client representative is available to accompany our Site Manager or Client Relations Manager during the site evaluation process. The site evaluation will focus on and identify the following:

- Review scope of work vs. performed work: identify any areas needing attention.
- Site Cleanliness: ensuring site is clean and free of landscape debris and litter.
- Risk Management: identifying & correcting any safety violations or hazards.
- Damages or repairs: identifying areas that may have been damaged due to our scope of work and repairing such damages.
- Crew training: conduct training with crew on identified areas during inspection needing reinforcement, such as pruning, debris pick-up, proper mower operation, and job site safety.

CRM (Customer Relations Manager) Model: The CRM model's main objective is to provide clear and proactive communication to our customers in order to enhance customer satisfaction. The CRM model takes what is known as the "Account Manager" role and splits it in two: CRM (responsible for customer communication and development), and PM -production manager – (responsible for production).

Here is what this means to our customers:

- One point of contact for all your landscape needs
- Clear and pro-active communication
- Quick response time
- Minimize the time clients have to spend on managing the landscape
- Provide landscape budgets and solutions
- Monthly evaluations from both the CRM and PM provides accountability and improved quality

Employee Orientation: VisualScape's orientation is the introduction of employees to their jobs, co-workers and the organization by providing them with information regarding such items as quality service and safety standards, policies, procedures, company mission, goals, and culture.

It is absolutely necessary for the new employee to know that he/she will be entering a company where the health and safety of the employees are of primary importance, that complying with and ensuring compliance with safety measures and procedures

is of extreme value, and that compliance with this duty can be rewarded, whereas noncompliance can result in disciplinary actions that can include dismissal. During this orientation we make it clear that the booklet they receive, the Workplace Safety Program, contains all the regulations in condensed form that will help them behave in a manner that will prevent accidents and problems while working; therefore, it is reviewed carefully.

Employee Performance Evaluations & Incentives: Our Company conducts yearly employee evaluations. Performance is measured and rewarded based on key competencies including safety, quality, customer service, and job performance. Incentives such as merit bonuses and/or barbeques for top production crews are given every month.

On the Job Training: We encourage our employees to seek certifications and explore external resources for business related training and education. In many cases, the Company will pay for or reimburse the registration, tuition fee and or related expenses for approved seminars, workshops, and short courses conducted by recognized landscape and related trade associations.

In addition to that the Company provides internal training, for which we offer a wide variety of technical and non-technical courses in-house. We identify the needed courses through our site evaluations, customer feedback, performance evaluations and needs assessments. The training is conducted by our management team or resources such as vendors and suppliers that provide the latest trend and technology in the most commonly used industry equipment & products.

Safety Tool Box Meetings: Meetings held once a week at VisualScape yard. It is mandatory for all employees to attend. Topics are chosen from our library of 52 safety topics or the Workplace Safety Program.

Quarterly Safety Committee Meetings: A safety committee has been established to recommend improvements to our workplace safety program, and to identify corrective measures needed to eliminate or control recognized safety and health hazards.

The safety committee shall determine the schedule for evaluating the effectiveness of control measures used to protect employees from safety and health hazards in the workplace.

The safety committee will be responsible for assisting management in the following functions:

- Reviewing workplace safety rules
- Evaluating employee accident and illness prevention programs
- Providing and monitoring workplace safety education and training
- Review status of accidents occurred
- Safety supplies request & inventory

The safety program will be updated by evaluating employee accident injury records, establishing trends and patterns, and formulating corrective measures to prevent recurrence.

Safety committee members will participate in safety training and monitor workplace safety education and training to ensure that the safety program is being followed and pertinent information is being documented. Meetings are held quarterly.

Emergency Plan

In the event of a catastrophic emergency, equipment including trucks, loaders, woodchippers, hand tools, trucks, trailers, and all necessary equipment to perform job operations are available at the client’s request. Emergency routes will be provided by supervisors and managers.

VisualScape participates and fully understands the disaster response plan in the cities and all adjoining cities within our service area and follows their guidelines.

Emergency grids will be set up for employees working during an emergency. VisualScape maintains an active pre-disaster plan in addition to a post-disaster plan, which includes five means of communication. Communication plans among management includes: cell phone, mobile radio, PDA, email, and smart phones. No employee will be left working alone; team action will be implemented. All communication / IT equipment will be forwarded to mobile devices to keep open lines of communication with clients, employees, and vendors.

Crew members will report to an assigned supervisor, who will take visual head counts based on current employee rosters. All Managers are trained in basic first aid and safety procedures.

Emergencies can/will be reported by any employee who witnesses it. All crews have radios in which to communicate.

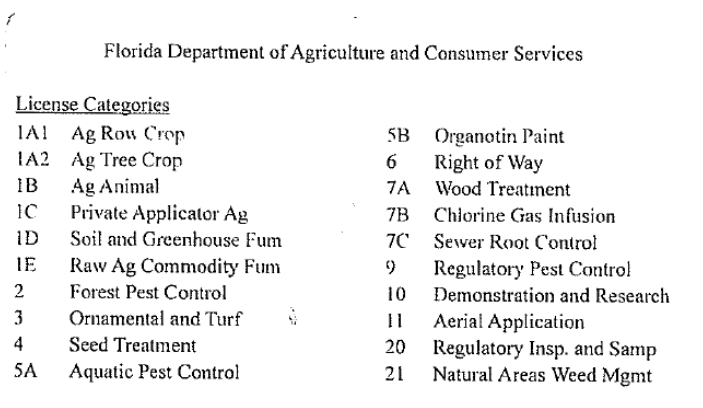

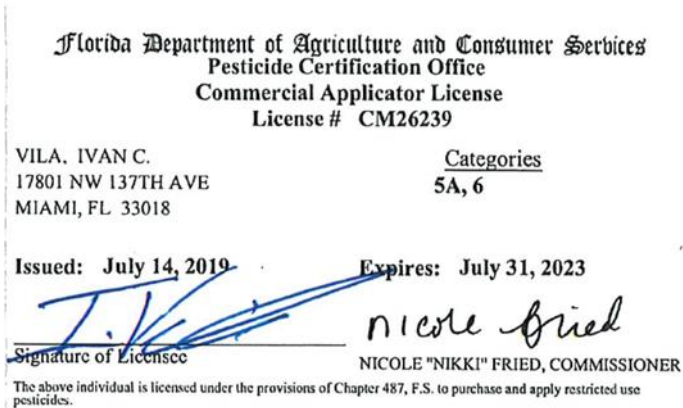

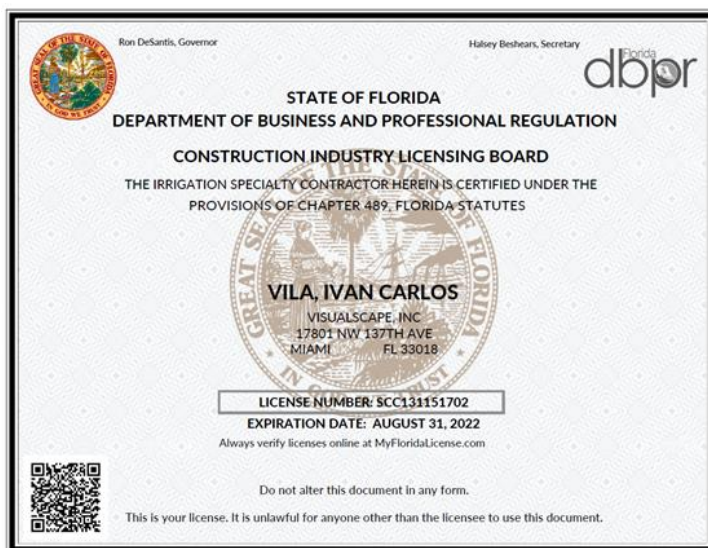

For catastrophic response events, “Typical Emergency Crew” consists of a four-man crew, dump truck, dump trailer, and all necessary saws and hand tools. Loader, skid steer, and woodchipper can also be provided as needed. Emergency crew is billed separately from contract revenues at a per our rate.

RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 6/30/2022. However, the new application is due 4/30/2022.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link:
[HTTPS://fdotwpl.dot.state.fl.us/ContractorPreQualification/](https://fdotwpl.dot.state.fl.us/ContractorPreQualification/)

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:
LANDSCAPING, IRRIGATION

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

Darlene Anderson, for

5.2 SOLICITATION, GIVING, AND ACCEPTANCE OF GIFTS POLICY

Florida Statute 112.313 prohibits the solicitation or acceptance of Gifts. - "No Public officer, employee of an agency, or candidate for nomination or election shall solicit or accept anything of value to the recipient, including a gift, loan, reward, promise of future employment, favor, or service, based upon any understanding that the vote, official action, or judgment of the public officer, employee, or candidate would be influenced thereby." "... The term 'public officer' includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body."

The City of North Miami Beach policy prohibits all public officers, elected or appointed, all employees, and their families from accepting any gifts of any value, either directly or indirectly, from any contractor, vendor, consultant, or business with whom the City does business. Only advertising office stationery or supplies of small value are exempt from this policy - e.g. calendars, note pads, pencils.

The State of Florida definition of "gifts" includes the following:

- Real property or its use,
- Tangible or intangible personal property, or its use,
- A preferential rate of terms on a debt, loan, goods, or services,
- Forgiveness of indebtedness,
- Transportation, lodging, or parking,
- Membership dues,
- Entrance fees, admission fees, or tickets to events, performances, or facilities,
- Plants, flowers or floral arrangements.

Services provided by persons pursuant to a professional license or certificate. Other personal services for which a fee is normally charged by the person providing the services.

Any other similar service or thing having an attributable value not already provided for in this section.

To this list, the City of North Miami Beach has added food, meals, beverages, and candy.

Any contractor, vendor, consultant, or business found to have given a gift to a public officer or employee, or his/her family, will be subject to dismissal or revocation of contract.

As the person authorized to sign the statement, I certify that this firm will comply fully with this policy.

I understand that “convicted” or “conviction” as defined in Paragraph 287.133 (1) (b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or non contendere.
4. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 1. A predecessor or successor of a person convicted of a public entity crime; or

5. I understand that a “person” as defined in Paragraph 287.133(1) (e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, and partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Indicate which statement applies).
 - Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
 - The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE

5.10 LOCAL BUSINESS PREFERENCE AFFIDAVIT

SECTION 1: GENERAL TERMS

The evaluation of competitive bids is subject to Section 3-4.13 of the City of North Miami Beach Code of Ordinances which, except where contrary to federal and state law, or any other funding source requirements, provides that preference be given to local businesses.

This preference shall apply to submittals received from bidders in the purchase of supplies or services in which objective factors are used to evaluate the submittals received from offerors are assigned point totals, **a preference of ten (10) percent of the total evaluation points, or ten (10) percent of the total price**, shall be given to a local business.

To satisfy this requirement, the business shall affirm in writing that it meets the following requirements:

1. Business must be located in the City of North Miami Beach (City) with a current city business tax receipt **and** certificate of use issued at least twelve (12) months prior to the City's issuance of the Solicitation **AND**;
2. Business must have a physical business location/address located within the City's limits, in an area zoned for the conduct of such business, from which the vendor operates or performs business on a day-to-day basis, that is a substantial component of the goods or services being offered to the City **AND**;
3. Business must certify in writing and provide all required documentation supporting its compliance with the foregoing at the time of submitting its bid or proposal by signing and notarizing this form.

Alternatively, a business who subcontracts at least twenty (20) percent of the contractual amount of a City project with subcontractors who meet the above listed criteria is deemed a Local Business for award of preference in accordance with Section 3-4.13 of the City of North Miami Beach Code of Ordinances.

Business location means a permanent office or other site where the local business conducts, engages in, or carries on all or a portion of its business. A post office box or location at a postal service center shall not constitute a business location.

The offeror, supplier, or contractor seeking the local business preference has the burden to show that it qualifies for the preference, to the satisfaction of the City.

Comparison of Qualifications: The preferences established in no way prohibit the right of the City to compare quality of supplies or services for purchase and to compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals. Furthermore, the preference established in no way prohibits the right of the City to give any other preference permitted by law instead of preferences granted, nor does it prohibit the City from selecting the bid or proposal which is the most responsible and in the best interests of the City.
